Re: Certificate of Conformance Date: 29 July 2026

Certificate of Conformance

This letter certifies that Equestrian Structures manufactured by FCP, Inc are comprised of steel structural materials that are 100% sourced and fabricated in the USA. Incidental, non-structural hardware, which comprises less than 25% of the product package, may or may not be sourced and fabricated in the USA.

A handwritten signature in blue ink, appearing to read 'Stuart C Wilson', is written over a horizontal line.

Stuart C Wilson

Equestrian Products Division Manager

FCP, Inc.
